Subject: RE: NAMC - Proposal to meet at 11 on May 16 to Discuss IRIS Website Proposal

Hi Kathleen,

We look forward to seeing you and your colleagues on the 16th at 11. The Office of Research and Development (ORD) is the Ronald Reagan Building at 1300 Pennsylvania Avenue NW. If you walk onto the Federal Triangle plaza from 13th street (and Pennsylvania), the entrance is in the middle of the plaza to your right. When you come in, you go through one set of routine security (for all public). Then, you walk ahead to the security desk for EPA. You ask the guard to call me at 202-564-7903. Either I or someone on my staff will come down and get you. It would be helpful if you could provide a list of your colleagues who will accompany you ahead of time.

Thanks and looking forward to seeing you.

Tina
202-564-7903

Subject: RE: NAMC - Proposal to meet at 11 on May 16 to Discuss IRIS Website Proposal

Thanks, Kris

My crew confirmed for 11:00 a.m. on May 16th is good. Eventually we will need details on which entrance to use – and name and phone number for official contact to give to the security guard.

Kathleen,

That can work for me, I will be joining from RTP

Kris

Tina

Can you put a hold on 11:00 a.m. for NAMC meeting? It appears that time works for my members but we are confirming with them today.

Also – would we use the 12th & Constitution EPA entrance? That is the one that I am used to but do not want to make any assumptions!

Kathleen,
We can make the morning of Thursday the 16th work well, any time before 1 is fungible. Let us know! We are in the Ronald Reagan Building in DC (1300 Pennsylvania Avenue NW). Kris will be in her NC office that week, but we can video her in. Her management team will be here, however.

Tina:

May 15 and 16 look fairly open on our side. Is there a time slot within those two days that might work?

Hi Kathleen,

With travel and large meetings ahead, the first opportunity would be during the week of May 13th. If that works for you and colleagues, we can try to nail it further.

Thanks,
Tina

Hi Kathleen,

Very nice to hear from you. Kris Thayer – IRIS Program Director -- and I will be glad to set up a meeting with you and colleagues to discuss your concerns and recommendations. We are most interested in making our tools and databases as transparently accessible and usable as possible, and your input would be very informative.

Let me look at calendars next week and come back with some timing options. Would that work?

With kind regards,

Tina

Subject: NAMC - Request to Meet with EPA to Discuss IRIS Website Proposal

Tina:

Please see the appended letter from the North American Metals Council (NAMC) requesting a meeting with the U.S. Environmental Protection Agency's (EPA) Office of Research and Development (ORD) to discuss a proposal to change the current Integrated Risk Information System (IRIS) website so users are aware of the age of an IRIS assessment report available on a subject chemical.

I look forward to hearing back from you soon.
